INTERN South Bend Region and enFocus work together to connect post-secondary students to meaningful work-and-learn opportunities in our region, with the purpose of retaining recent graduates and stemming the “brain drain.”

INTERN SOUTH BEND REGION

INTERN South Bend Region is committed to increasing the quantity and quality of internships in the South Bend Region. INTERN SBR’s Summer Community Engagement Program is an opportunity for students to meet other interns from the area, participate in community engagement and have access to professional development.

ENFOCUS

enFocus is known for their mission, “turn the brain drain into brain gain.” enFocus has a unique Fellowship model centered around executing meaningful projects for local public, nonprofit and private organizations as a means of talent attraction and retention.
INDIANA INTERN.NET

A free internship matching platform that connects high school and college students to employers. It is a searchable database with thousands of qualified student profiles from across the state of Indiana to choose from. Posting internships on the web makes it easy for employers with over a dozen different industries represented through the platform.

EARN INDIANA

EARN Indiana (Employer Aid Readiness Network) is the state’s work-study program. Students with financial need have access to resume-building, experiential, paid internships, while participating employers receive state matching funds—up to 50% of the student’s hourly wage. EARN Indiana has partnered with Indiana INTERNnet to better match students and employers, and to assist employers in finding the perfect fit for their team.

A program of the Indiana Commission for Higher Education.

INDIANA CAREER CONSORTIUM (INCC)

The Indiana Careers Consortium (INCC) includes thirteen colleges/universities in northern Indiana with the aim of connecting employers to talent. Together, we work to support employers’ college-level hiring needs by guiding internship development, providing speakers on college recruiting issues and helping employers connect with a diverse population of talent and students with specific skill sets.

INCC Members:
Ancilla College
Bethel College
Goshen College
Holy Cross College
Indiana University-South Bend
Indiana Tech
Ivy Tech
Purdue Polytechnic South Bend
Purdue University Northwest
Saint Mary’s College
Trine University
University of Notre Dame
Valparaiso University

Contact information for each institution can be found online at incareers.org or employers may reach all members by emailing postjobs@incareers.org.

Next Level Jobs

Next Level Jobs is part of Governor Holcomb’s Next Level Indiana agenda to continue the positive momentum of our state. Under his leadership with support from the 2017 General Assembly, Indiana is taking the state’s workforce to the next level with a focus on the high-priority industries and high-demand jobs driving Indiana’s 21st Century economy forward. Two million Hoosiers need additional training to compete in the 21st Century workforce, and there will be over 1 million job openings in Indiana due to retirements and the creation of new jobs in the next decade. Whether you’re a Hoosier looking for a better-paying job or an employer looking for a better-skilled workforce, Indiana’s Next Level Jobs initiative can help.

Workforce Ready Grant

The 2017 General Assembly approved funds for Indiana’s Workforce Ready Grant program to provide free training for working-age Hoosiers in the state’s highest demand jobs. These industries have higher median salaried jobs and are rapidly growing in Indiana including Advanced Manufacturing, Building & Construction, Health & Life Sciences, IT & Business Services, and Transportation & Logistics.

This website was created to help Hoosiers learn more about the Workforce Ready Grant program and to help match them with the right training in their area by answering a few short questions.

Employer Training Grant

Employers can also take advantage of the Employer Training Grant program from the Indiana Department of Workforce Development. Employers in any high demand business sectors can be reimbursed up to $2,500 for each new employee that is trained, hired and retained for 6 months. There is a $25,000 cap for each employer and the jobs must be middle skill, high-demand and high-wage jobs that require more than a high school diploma but less than an associate degree.
