

IMPORT SUPPLY CHAIN SAVINGS

A U.S. Foreign-Trade Zone – or “FTZ” – offers significant benefits to companies importing parts, components, assemblies or even finished goods. Facilitated by the South Bend International Airport Authority, FTZ 125 serves six counties in Indiana. With FTZ 125’s alternative site designation (ASF), we can take the “zone” to you... On your property, and in your warehouse or manufacturing facility. You manage the movement and utilization of imported items. You manage when it hits your balance sheet. You can delay, reduce, or even eliminate duty on imports and take advantage of other benefits encouraging foreign commerce within the region.

POTENTIAL BENEFITS

- Better Security
- Duty Deferral
- Duty Exemption
- Duty Reduction
- Inventory Control
- Merchandise Processing Fee (MFP) Reduction
- Streamlined Logistics
- Quota Avoidance
- Inventory Control
- Lower Insurance Costs
- Less Frequent Customs Entries

* Will vary based upon the type of operation involved and authority granted by the FTZ Board and Customs.

ALLOWABLE ACTIVITIES

Merchandise entering the FTZ may be:

- Assembled
- Cleaned
- Destroyed
- Displayed
- Manipulated
- Manufactured
- Mixed
- Processed
- Relabeled
- Repackaged
- Repaired
- Sampled
- Salvaged
- Stored
- Tested
